

Dr. Adrian Wagg

MB BS FRCP(Lond) FRCP(Edin) FHEA (MD)

Dr. Wagg is the Scientific Director for the Seniors' Health Strategic Clinical Network and the appointed Capital Health Endowed Professor of Healthy Ageing and Division Director for Geriatric Medicine at the University of Alberta in Edmonton.

He has an academic interest in urinary incontinence, knowledge translation, and clinical effectiveness. He is recognized for his continence expertise both nationally and internationally. He has published over 200 peer reviewed articles, papers, chapters and other works in senior's health and on the subject of urinary incontinence.

His interests are in incontinence in the elderly, the effects of medication and co-morbidity on continence status, the epidemiology and aetiology of incontinence in the elderly in addition to community participatory research and education

on healthy aging behaviours.

He is Chairman of the International Consultation on Incontinence Committee on management of incontinence in frail older people, and Co -Chair of the International Consultation on Incontinence.

He is General Secretary of the International Continence Society and President of the Canadian Continence Foundation, a national consumer focused not for profit organization in addition to holding a visiting professorship at the Sahlgrenska Academy at Gothenburg University. He runs a multidisciplinary research focused continence service locally in Edmonton.
