

Alberta Cancer Diagnosis Program

ALBERTANS

PROVIDERS

HEALTH SYSTEM

The number of new cancer cases is projected to increase by 56% by 2040.

NAVIGATING, SUPPORTING AND IMPROVING CANCER DIAGNOSIS

CANCER DIAGNOSIS IS COMPLEX AND VARIES FOR EACH PERSON

We coordinate the testing and access to supports needed to improve quality and outcomes.

ALBERTA CANCER DIAGNOSIS PROGRAM

Our integrated provincial program simplifies cancer diagnosis to make it earlier and faster.

Provider navigation and support with cancer diagnosis pathways.

Virtual advice and coordination of diagnostics and referrals for patients.

Continuous improvement and innovation over time.

ALBERTA CANCER DIAGNOSIS PROGRAM BENEFITS

- Improve patients' experiences regardless of their final diagnosis
- Improve health outcomes for patients referred
- Decrease wait times to diagnosis for patients
- Increase access to non-medical and community-based supports
- Improve provider experiences with the diagnosis process
- Decrease number of patients requiring emergency care
- Decrease proportion of patients who need to be admitted
