

Concurrent Capable Community of Practice

Please join us for the Concurrent Capable Community of Practice. Our ten monthly virtual sessions will focus on Practice Talk related to concurrent disorders and concurrent capable care.

Join us the third Monday every month on Zoom. It is an opportunity to share insights, strategies and practical ideas for enhancing concurrent capable practice in your program.

Members

Addiction and mental health clinicians, supervisors, and leaders with a shared interest in concurrent disorders, and concurrent capable care.

Value to you

- Networking with your colleagues
- Professional development through peer support and learning
- Celebrate successes and innovations in practice
- Knowledge sharing of practical ideas and strategies
- Decrease the learning curve for new employees

When

- On the 3rd Monday of every month (Sept-June)
- 9:00 – 10:00 a.m. [Zoom link to register](#)
- Practice Talk usually includes a guest speaker and interactive discussion

To request to join this Community of Practice, please email amh.practicesupports@ahs.ca
