**Update Dislikes/Additional Information (UPDATEINFO):**

Indications:

- o The diet procedure or texture does not need updating, but Food dislikes and/or additional information, do.
  - o **Food Dislikes** – requests to not receive items they have a *strong* dislike for
  - o **Additional Info** – requests for supplements, special utensils, plastics/disposable utensils, etc.
    - Does not eat breakfast, does not want tray
    - Eve Snack – pudding, cookie and juice please

\*\*\*NOTE: UPDATE INFO automatically updates -

- the “Current Diet Orders for Inpatients” report the next time it is printed
- the “Food Dislike” field on the Patient Data >> Custom Queries screen
- the “Food Dislike & Additional Info” fields the next time a new diet order is placed
- and sends a requisition to Patient Food Services, so they are aware a change has been requested
