Hand Hygiene Scenario

Are you an expert Hand Hygiene Reviewer? Keep your knowledge topped up with this commonly mistaken scenario!

Scenario June 2022: A nurse is already present in a patient's room and is in the midst of a dressing change. They reach a point in the procedure where they need to change their gloves. They doff their gloves, and then grab and don a new pair of gloves out of a box from beside the patient's bed. They then continue the dressing change.

What are you able to record in this scenario? Want more scenarios? Take a look at the previous Newsletters or in the HH Guide on AHS Webpages

Check your answer with your Zone Coordinator! Unsure who that is? Send an email to hand.hygiene@ahs.ca with the title: "Newsletter Scenario"

Meet our new IPC Coordinator!

Jessica Gaelzer (BN, MSc) first joined the IPC South Zone team as a volunteer, and promoted hand hygiene education to patients and visitors at the Chinook Regional Hospital. She has been working as an IPC Coordinator in the South Zone since September 2021.

Clean Your Hands Day PUZZLES!

This Clean Your Hands Day on May 5th, our event group came up with some fun easy-hard puzzles for you to train your brain on! Puzzle 5: Enigma at Enigma Hospital only had 8 successful solves out of 100s of attempts! Are you clever enough to solve them all?
