COVID-19 Immunization – Urgent call for eligible staff to book appointments this weekend

Please print and share with your teams as needed

Dear staff, physicians and volunteers,

If you are **currently eligible** to receive a COVID-19 immunization, please book your appointments immediately to ensure efficient use of product and resources.

We have appointment openings **this weekend** across all zones and we are urgently asking all eligible staff to book in to get immunized, tomorrow through Sunday.

Vaccine arrival dates and quantities in Alberta has proven to be uncertain. Therefore, we encourage you to book your appointment as soon as possible to ensure you get immunized with doses that are currently available. Because of this uncertainty, we have also changed the immunization appointment booking window from three weeks to five days. This means that once you log on to book your immunization, you can choose your immunization appointment to take place within five days.

If you are already booked in to receive immunization in the coming weeks, we encourage you to go online to rebook your appointment to take place this weekend.

To rebook:

1. Go to your confirmation email that you received from **AHS Booking** and look for the link at the bottom of the email to modify your booking.
2. If you cannot find your confirmation email, please call Health Link.

If you have not yet booked your appointment, please check your email for your appointment booking invitation from **AHS Booking** and click your one-time link to book your appointment before Sunday.

We need to continue to protect our patients, colleagues and loved ones by protecting ourselves through COVID-19 immunization.

Dr. Verna Yiu
