

Chronic Pain Resource Inventory

RESOURCE DESCRIPTION	PROVIDER SPECIFIC	PCN SPECIFIC	AHS ZONE – SPECIFIC					PROVINCIAL
			North	South	Central	Calgary	Edmonton	
The <u>Slave Lake Family Care Clinic (FCC)</u> has a Physician (MD) and a Nurse Practitioner (NP) who have received additional training from Dr. Forster (from Edmonton) for chronic pain management. Other providers refer complex chronic pain patients to this MD and NP for management. If they encounter issues that they feel require a pain specialist, they consult Dr. Forster or a pain clinic.			√					
<u>Collaborative Mentorship Networks (CMNs)</u> offers medical mentoring for Chronic Pain and Addiction to support family physicians and other healthcare professionals to provide complex clinical care.			√					√
The <u>Grande Prairie Primary Care Network</u> provides a <i>Persistent Pain Program</i> . Referrals to the Chronic Pain Management Program are accepted from PCN physicians only. New patients are invited to attend an orientation session to decide if they would like to become part of the program. A unified multidisciplinary team of healthcare providers collaborating with primary care physicians serve the needs of those living with chronic pain in Grande Prairie. Our team consists of a physician, nurse practitioner, nurse case worker, physiotherapist, kinesiologist, and mental health therapist. The Grande Prairie PCN Persistent Pain Program is delivered in a variety of ways including individual appointments, group sessions, workshops, and classes such as the self-management group, goals workshop, meditation workshop, core strengthening class, and yoga class.		√
